Docket # S-20844A-12-0122

19 February 2013

The Simonsons are requesting the Honorable Marc Stern to have the Securities Division provide the following items to the Simonsons for the Hearing date of 20 February 2013:

1. The SEED files as originally provided by the Simonsons and the Simonsons will return the box of copies provided by the Securities Division (exchange).
2. We request copies of Simonsons deposition during the meetings with the Securities Division and copies of any witness depositions (audio and printed).
3. Why has the State not called the following witnesses:

Shields Fair (Alter Air worked with Rehbergs for four years prior to introducing them to the Simonsons and is aware of all history of SEED's involvement)

Robert Pasionek, esq. (Fennemore Craig as having full knowledge of SEED's involvement and history with the Rehbergs)

4. We request a list of expenses from the Arizona Corporate Commission Securities Division expenses: Steven Briggs, private investigators and any others involved in the SEED case.
5. It is requested that the Arizona Corporation Commission get a copy of the sequential events and participation that Fennemore Craig provided to SEED with special attention to pages 26 and 27 of their billing dated 11-27-07. "Jennifer Mammano (paralegal) prepare Form D for submission to California and Arizona Securities Authorities".

Note: The Simonsons have given their best effort to protect the SEED Inc shareholders during these tough times: the FBI cleared SEED Inc to continue, the Mesa Police Department cleared SEED Inc to continue, and Fennemore Craig cleared SEED Inc to continue after having filed all legal documents.

The Simonsons are requesting a letter from the Securities Division stating that they are cleared of any wrong doing and they are released from any further action. "Presiding Administrative Law Judge may rescind ...or waive any portion of this Procedural Order either by subsequent Procedural Order or by ruling at hearing."

Respectfully submitted,

Randall and Marilyn Simonson
